PRE-EASTER SNOW STORM WHIPS ACROSS EASTERN ROCKIES INTO MIDWEST

By THE ASSOCIATED PRESS

A pre-Easter snow storm whipped across the eastern Rockies into the Midwest today after kicking up a rash of violent weather in sections of the plains and Mississippi Valley.

The year's worst snow storm which hammered the eastern slopes of the Rockies left drifts waist-high in parts of Colorado, Wyoming and western Nebraska. Snow depths were more than a foot in many places. Denver slogged through a foot of fresh snow. It was not spring time in the Rockies.

The early spring storm, abating in the Rockies, didn't lose much of its fury as it swept eastward, powered by strong north-easterly winds.

REDS INSIST DALAI LAMA FLED LHASA

By HENRY S. BEADSHER

DARJEELING, India (AP) — A reliable source here on the Indian border reported today that the Chinese Communists have announced that the Dalai Lama fled from Lhasa during the revolt in the Tibetan capital.

The whereabouts of Tibet's 23-year-old religious and political leader, revered by his people as "the living Buddha," were unknown in Kalimpong. There were rumors he was heading south toward the Indian protectorate of Sikkim, between Darjeeling and Tibet, or southeast toward the Indian province of Assam.

Refugee Tibetans were speculating that their Buddhist god-king would remain with resistance forces in southern Tibet or might cross into India. Reports have persisted that the revolt which broke out in Lhasa last Friday has spread to the countryside. The Chinese have been reported in control once again of Lhasa.

The report in Darjeeling was that advisers to the Dalai Lama, before the fighting started in Lhasa, added their names to a declaration declaring Tibet independent of Chinese control and charging the Communists with breaking promises in the 1951 treaty to respect Tibet's religion and way of life.

The report said the declaration was presented by a delegation from the public and was handed on to the Chinese.

The Chinese for more than two centuries have maintained that Tibet is part of China. But in an attempt to spur the revolt against (Turn to Page Twenty)

Lawrence County Officials Seize Pinball Machines

NEW CASTLE, Pa. (AP) — Sheriff's deputies, following up a Superior Court decision that multi-colored pinball machines are illegal gambling devices, seized two machines Wednesday night in Lawrence County.

Deputy Sheriff Allan Thomas said the machines were confiscated at the B & J. Restaurant on Route 19, near Elwood City. No arrests were made.

The State Justice Department advised district attorneys in Pennsylvania to hold off seizing multi-colored pinball machines pending final court action on their legality. There is a possibility the State Supreme Court may be asked to rule.

Dist. Atty. Joseph Solomon of Lawrence County said he had no knowledge of the seizure of the machines in his county. He referred all queries to the sheriff's office.

Girl Denies Being Kidnapped By Former Mental Patient

SACRAMENTO, Calif. (AP) — A barefooted former mental patient was captured today with a 12-year-old girl he carried away from her home here Wednesday. He was booked for investigation of kidnapping.

However, both the man, William Edward Beckwith, 26, and thin, freckle-faced Lois Marbut, denied to officers that she was kidnapped.

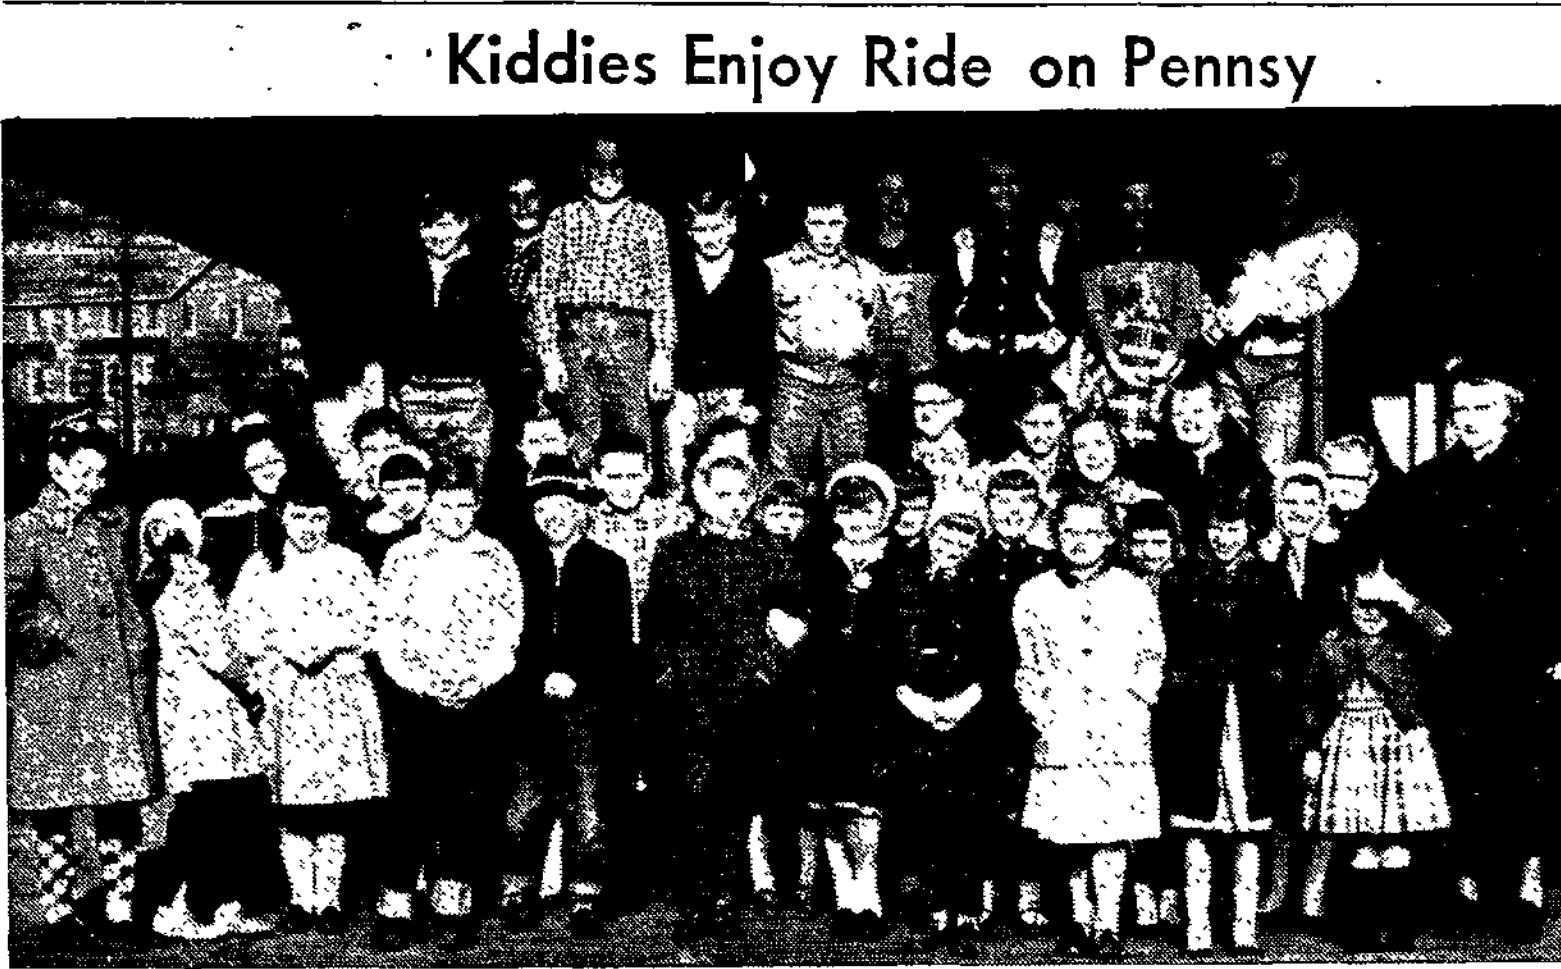

Sheriff's deputies Jesse Hale and Les Skiles spotted Beckwith's car stalled in a country lane 10 miles east of Marysville at 2 a. m. The husky Beckwith,

unkempt and shoeless, offered no resistance.

He and the girl had been the object of a massive police search across northern California since Wednesday afternoon, when he took Lois and two playmates out of town, dropping off the other two children about 20 miles north of here.

A service station attendant at Nicolaus, 25 miles north of here, said Beckwith stopped to buy gasoline and the girl did not appear disturbed.

Empty Tanker Collides With Liner at Sea

ATLANTIC CITY, N.J. (AP) — Passengers in life jackets lined the rails of the Santa Rosa. Coast Guard helicopters and amphibian planes circled overhead. Surface craft steamed through choppy waters to the site of the collision.

That's the picture an Associated Press newsmen editor saw today when he flew over the site of the collision between the Grace liner Santa Rosa and the empty tanker Valchem. The ships collided 22 miles east of this resort.

The tornadic winds which hit Texas also struck in nearby Oklahoma. One twister swept the area of Alva, in northern Oklahoma, damaging some homes. No injuries were reported. Heaviest damages from the violent winds in Texas was in Denison, a community of about 1,000 in the north central section. One woman was injured. Tornado-force winds also lashed areas southwest and south of Denison.

Hail, rain and snow pelted Amarillo in north Texas. Two inches of snow covered the ground at Texline and snow continued at Dalhart. Halostones a half-inch in diameter, nearly an inch of rain and winds up to 75 m.p.h. rocked Bridgeport.

The storm, moving southeast across north central Texas, hit parts of Fort Worth and Dallas with rain, hail and strong winds.

Tornadic winds pounded Parsons, in southeast Kansas. More than an inch of rain fell in Kansas City, Mo., Chanute, Kan., and MacAlester, Okla., in a six-hour period.

At one point it was said the cruise liner's passengers might be

Prison Breakers Are Assigned to Security Cells

YOUNGSTOWN, Ohio (AP) — Sullen and weary from 42 hours of flight, three men and a woman who broke out of jail here pleaded innocent in County Court Wednesday to charges of kidnapping, armed robbery and auto theft.

Judge Harold S. Rickert Jr. set bond at \$40,000 for each of them and they were held for the grand jury. They were confined in special security cells in the two-year-old \$900,000 Mahoning County Jail, which had been considered escape-proof until they proved it otherwise.

Charges against the quartet resulted from their theft of money, weapons and the automobile of Deputy Sheriff William Driskell who was forced to accompany them when they broke from jail early Monday. They threw him into a ditch near Warren without harming him.

The four fugitives, captured Tuesday night near Chardon after a gunfire exchange during a high speed auto chase, were Mrs. Lois Gordon, 40, of Toledo and War Eagle, W. Va.; Robert Paul Herman, 366, Joseph A. Orville, 23, and the three men, all Youngstown residents, and Mrs. Gordon have long police records.

The home is operated by the Lutheran Church.

Baggage of a somewhat different variety was deposited at the local railroad station this morning at 8:41, when the morning train arrived from Sheffield with assorted (and definitely not perishable) goods, from Washington School at Tiona. Bubbling with enthusiasm, these specially invited 5th grade students, expressed boundless enthusiasm as far as the train ride was concerned and waved a fond farewell to PRR porter, conductor and officials as the passenger cars proceeded toward scheduled destinations. Many of the youngsters had experienced their first train ride but even the veterans among them were having a happy holiday. Faculty members, Edith Chamberlain and Mrs. Paul Johnson escorted the boys and girls and as the Times-Mirror reporter and McGarry Studio photographers left the station, the contingent was waiting (somewhat reluctantly) for the school bus to arrive and transport them back to respective homes.

New Revenue Estimates Cast Doubt for Balanced Budget

By B. L. LIVINGSTONE

WASHINGTON (AP) — New revenue estimates by congressional tax experts cast substantial doubt today over President Eisenhower's hopes for a balanced budget next year.

Staff economists of the Senate Revenue Committee on Internal Revenue Taxation predicted the government's income would fall more than a billion dollars short of the President's budget expectations.

Their annual estimates, which have been close to the mark in the past, put federal receipts for the year starting July 1 at only \$75,800,000,000. Eisenhower had counted on \$77,100,000,000 in revenues in submitting his budget to Congress last January.

If borne out, the revenue shrinkage itself would knock administration budget calculations into the red without taking into consideration the probability of increased spending by Congress.

The legislators also have shown no inclination to vote higher gasoline taxes and postal rates which Eisenhower asked as part of his proposal for a balanced budget.

Sen. Harry F. Byrd (D-Va.), chairman of the Senate Finance Committee, said even the staff estimate was optimistic.

"The need for the President to veto every bill involving excessive expenditures is crystal clear," Byrd said.

Administration experts said they're sticking with the budget estimates, at least for now.

However, one said they were doing this "with no real assurance" that downward revisions in revenue estimates won't have to be made later.

The next set of administration estimates is due in September. However, Treasury aides said the figures doubtless would be revised before then.

Lightning Starts Fire In Old People's Home

ZELIENOPOLIS, Pa. (AP) — Lightning started a fire in the electrical control room of the Old People's Home last night. Some 82 residents were evacuated and later returned to their rooms.

The blaze was confined to the one room on the ground floor where most of the electrical switches are installed. Black smoke poured up two elevator shafts, making the evacuation necessary.

Lightning struck a transformer just outside the four-story brick building and traveled through lines into the electrical control room. There was no estimate of damage.

The body of Joseph Dailey of Connellsville, was found Wednesday in Mount Creek. George McIntire, a deputy coroner, said Dailey apparently fell over a retaining wall into about one foot of water, sustaining the injury.

Samuel Cobb, assistant chief of the forests and waters agency's Forest Protection Division, said the sudden outbreak of woodland fires this week is normal for this time of year.

Race Issues Injected Into Racket Probe

By G. MILTON KELLY

WASHINGTON (AP) — Two senators demanded today that the Justice Department and Civil Rights Commission investigate an alleged labor union plot to use racial tensions as a weapon in labor disputes.

The story of the scheme came out Wednesday in the Senate Labor-Management Committee's hearings on racketeering in the Miami area.

The committee placed in evidence a letter from a Miami Teamsters official, David Frechette, to Teamsters President James R. Hoffa asking for \$15,000 to finance the plan.

Committee investigator Walter Sheridan testified the exchange of letters has disappeared from Hoffa's files. But he said the union's financial records show that \$15,000 was sent by Hoffa to Frechette's Local 290 in Miami after Frechette's request.

Frechette himself invoked the Fifth Amendment in refusing to answer virtually all questions.

"This should engage the immediate attention of the Civil Rights Commission and the Justice Department, if they want to pursue the exploitation of the minority race," the committee's chairman, John L. McClellan (D-Ark.) told reporters. He called it a conspiracy.

Sen. Frank Church (D-Idaho) also urged a follow-up by federal agencies.

Two Lose Lives Fighting Brush Fires in State

By THE ASSOCIATED PRESS

Two persons died and another was burned fighting brush fires in western Pennsylvania Wednesday.

Meantime, the state Forests and Waters Department at Harrisburg urged that extreme care be exercised by persons burning rubbish and other materials near parched woodlands during mild spring weather.

Smith Hall, 54, of Adah R. D. 1, Fayette County, died at his home about 4:30 a. m. Firemen from three companies kept the fire from spreading to other buildings. Students were away from the school for the Easter holiday.

The cause of the fire was not known.

The burned building, known as the Student Hut, was used as a recreation center and a meeting room. Six students had quarters in an east wing but they were home at the time.

College President Norman Weisenfluh said some books and student property were lost in the blaze.

Samuel Cobb, assistant chief of the forests and waters agency's Forest Protection Division, said the sudden outbreak of woodland fires this week is normal for this time of year.

NOTES ISSUED IN PARIS LONDON AND WASHINGTON DIFFER ON "CONDITIONS"

By JOHN M. HIGHTOWER

WASHINGTON (AP) — President Eisenhower, British Prime Minister Harold Macmillan and French President Charles de Gaulle agreed conditionally today to meet Soviet Premier Nikita Khrushchev at the summit on the Berlin crisis and other problems.

They differed materially, however, in the emphasis they placed on the conditions.

A U. S. note said this country is prepared for a meeting of heads of state "on the understanding" that a prior meeting of foreign ministers at least narrows differences and prepares "constructive proposals."

The British note to the Kremlin took a considerably more positive approach. It said the British would be glad to go to the summit "as soon as developments in the foreign ministers meeting warrant." It spoke of a summit meeting this summer, whereas the U. S. note only spoke of such a conference as soon as the foreign ministers' action might "justify" it.

The French language concerning conditions was still stiffer than that of the United States.

President de Gaulle, in his note to Moscow, made his attendance hinge on whether the foreign ministers meeting "permits the envisagement of genuine progress" at the top. And the French spoke only of a summit session "at an appropriate time" instead of mentioning this summer.

All three of the Western powers reserved the right of all participants to bring up whatever subjects they choose.

That is in contrast to the Soviet idea of confining the talks solely to Berlin and a German peace treaty. In a March 2 note, the Kremlin said the foreign ministers meeting, at least, be held exclusively to those subjects.

U. S. officials said that in spite of the differences in wording, they considered the Western notes to say substantially the same thing.

The Western powers proposed that the foreign ministers meeting start in Geneva May 11 "to consider questions relating to Germany, including a peace treaty with Germany and the question of Berlin."

From there on, they went into their divergent approaches to the summit session.

Despite the variations of emphasis, the Western proposals appeared to bring closer the prospect of a conference of President Eisenhower, Macmillan and De Gaulle with Khrushchev.

The American note was released here, and the British and French communications in Paris and London, after their delivery to the Soviet Foreign Office.

In general they all followed the line of a formula worked

BUENOS AIRES (AP) — Police broke up a housebreaking ring Wednesday and at the same time discovered a 27-year-old killing.

One of the housebreakers confessed to killing a friend in a drunken brawl in 1952 and hiding the body beneath the tile floor of the victim's kitchen. Police went to the house and found the skeleton.

Pittsburgh Yeggs Ask Narcotics and Cash

PITTSBURGH (AP) — Two well-dressed young men entered a crowded North Side drug store Wednesday, ordered sandwiches and milkshakes at the fountain and began talking seriously about encyclopedias.

While one continued to eat the other strolled to the prescription counter at the back of the store, pulled out a pistol and demanded money and narcotics from pharmacist Samuel Meyer. He filled a large envelope with \$500 cash and \$30 worth of drugs.

The men left quickly without any of the other 12 customers being aware of the holdup. Several customers said later they thought the robbers were encyclopedia salesmen.

Sheffield Churches Observe Good Friday

SHEFFIELD — Community-wide Good Friday services will be held in First Methodist church and all are welcome. Beginning at 12:00 o'clock, the speaker will be Chaplain Roger S. Boraas, of Ursula College in East Orange, N. J.; vocal solo, "Agnus Dei" by Bitez, Robert Chamberlain; 12:30—Rev. Jack Parsons; vocal solo, "Alone" by Price, Jerry Borden; 12:55—Rev. Boraas; "Calvary" by Lowden, Mrs. Fred Rounds.

1:20—Rev. C. F. Ellason; "Were You There?", negro spiritual by Mrs. Evelyn Anderson; 1:45—Rev. Boraas; "et Calvary" by Bodney, Elizabeth Ann and Jerry Borden; 2:10—Rev. Dean Fetzer; vocal solo, "The Unfailing Christ", Mrs. Dean Fetzer; 2:35—Rev. Boraas; vocal solo, "O Divine Redeemer", Clair Dahlberg.

Homebuilders Class of First Methodist church met Tuesday evening at the home of Mrs. L. T. Anundson, Horton avenue. Mrs. Sanford Secor presided at the meeting in the absence of Mrs. Arch Brown, president. The class gave a donation toward Easter Flowers, and will place a church Hymnal in memory of Clarence H. Snyder.

Devotions were led by Retta Pinney, who concluded the service by reading "Bridge of Life". The program chairman, Mrs. Herbert Ferry, introduced David Anundson, who showed two films taken while he was in Japan and Korea. Refreshments were served by the hostess, Mrs. Young and Mrs. Chamberlain.

While one continued to eat the other strolled to the prescription counter at the back of the store, pulled out a pistol and demanded money and narcotics from pharmacist Samuel Meyer. He filled a large envelope with \$500 cash and \$30 worth of drugs.

The men left quickly without any of the other 12 customers being aware of the holdup. Several customers said later they thought the robbers were encyclopedia salesmen.

Patrons anticipating the holiday haircut are advised that Warren Barber Shops will observe the Good Friday 12:00 noon until 3:00 p. m. closing hours with other retail establishments. The shops will resume operations after church services end.

THIEVES BREAK IN

Petty thieves appear to be at work in Youngsville again. Sunday evening persons unknown broke into Morley's Red and White Store, rummaged a deal and obtained \$100. Proceeding to the Quality Cash Store, where admittance was gained through a back window, thieves took \$20.00, also from a desk. It was noted that by breaking rear door glass at the Sinclair Service station, owned by Robert Lind, the culprits made entry but left empty handed. Youngsville police are still investigating.

Weekly Food Review

By THE ASSOCIATED PRESS

The traditional Easter ham served at many American dinners this Sunday will be considerably cheaper than a year ago.

Thanks to abundant supplies of pork, ham prices are 6 to 8 cents a pound lower than last Easter. Turkey also will be featured in many grocery stores. Some stores report prices off as much as 6 cents a pound from last

spring.

Eggs are down 2 to 8 cents a dozen from last week's quotations. Supermarket coffee prices are down 16 cents a pound from a year ago.

A few stores are marking sharp reductions in steak prices. Some also are marking down fryers 2 to 6 cents a pound.

Butter is a cent or two cheaper in some areas.

Aside from potatoes, best bargains among vegetables are such cooking greens as spinach, collard, kale, endive and escarole. Lettuce, broccoli and asparagus also are very good buys. Other good bets include celery, topped or bunch carrots and mushrooms. Cauliflower, cucumbers, radishes and yellow or green squash are moderately priced.

Best fresh fruits buys are grapefruit, valencia and navel oranges, lemons, bananas, pineapples and rhubarb. Apples are still on the good buy list.

REGISTRATION DEADLINE NEAR

With the county experiencing what is admittedly one of the most interesting and exciting Primary Election campaigns in history the wild skirmish among candidates and party workers to increase registrations continues.

In this connection attention is called to the fact that the office in the court house will remain open this evening until nine o'clock for convenience of last-minute registrants. Because of the Good Friday holiday the office will be closed all day tomorrow. On Saturday it will be open only until five o'clock, and on Monday, the last day to register, it will be open until nine o'clock in the evening.

Seldom, if ever have more candidates campaigned for nominations to the various offices in the court house. This is an important factor in the forthcoming primary. To be eligible to vote a person must be registered. You must be on the list of qualified voters to be privileged to cast a ballot for your favorite candidate next May 19th.

If you fail to register now you cannot vote next month. Go to the Registration Office at the court house tonight before nine, Saturday before five, or Monday before nine.

A cordial welcome to the host of students returning from higher institutions of learning to spend the Easter holidays with relatives and friends.

Officials of the local office of the Department of Forests and Waters, along with those associated with the U. S. Forest service have joined forces in the campaign to cut down losses from forest fires in the area. It is also noted that Secretary of Forests and Waters Maurice K. Goddard greets the arrival of spring with a warning for all Pennsylvanians anxious to set their 'green thumbs' to work, by urging one and all to use extreme caution around rubbish fires. Join the campaign to help keep Pennsylvania green!

In an era of flight and streamlined automobiles with sights set on trips to the moon, it is refreshing to note a return to the more simple pleasures of life. Such was the case this morning when forty-eight 5th. graders from Washington School at Tiona, boarded a PRR train at Sheffield and joyously rode to Warren. As the group arrived at their destination, high spirits prevailed and it was evident that many of them had never ridden on a train before. Our congratulations to the two teachers who gave of their time to escort the students and to the PRR for making the trip possible.

WORLD TODAY

Associated Press News Analyst

WASHINGTON (AP)—Poly-poly portance of what the foreign ministers could accomplish.

He was asked by a reporter, "How do you feel now about the argument that the only man in the Soviet Union you can do business with is Soviet Premier Khrushchev?"

Eisenhower replied, "Well, I think it is perfectly clear that he is the only man who has the authority really to negotiate."

"If you have anyone else with whom you were negotiating I think—except in detail, or method or procedure or agenda, things like that—I really believe that the only way that man could do anything would be to be on the telephone all the time with Moscow."

Here Eisenhower seemed to be saying plainly the most that could be expected from a foreign ministers meeting was arranging details for a summit meeting and that it couldn't be expected to reach agreement on issues.

For he went on, "So in effect you would be negotiating directly with Moscow. And I think that there is probably some validity to the argument that if you are really going to talk substantive measures, and hope to get some agreement . . . on both sides, that he (Khrushchev) has got to get into the picture."

Then, as if concerned anyone might think Khrushchev was forcing him into a summit meeting, Eisenhower added: "I want to make this very clear . . . this doesn't mean that anyone can command anybody else to come to a summit meeting, and that you can't bluff them or blackmail them or anything else."

True, Khrushchev couldn't command Eisenhower to meet with him. But he's certainly pushed the President toward such a meeting. And the Berlin crisis he created and dangles over the head of the West is a kind of blackmail.

For what Khrushchev has said in effect is: Negotiate or face a showdown.

In the past Eisenhower's stock answer to Soviet proposals for a summit conference was that first the foreign ministers had to meet and show enough results to justify a meeting of the top men.

Eisenhower repeated this at his news conference Wednesday but the other things he said showed pretty clearly he was scaling down in his own mind the im-

forest industry is the manufacturing of particle board from various types of wood, including residues. Such plants are at Tyrone, Scottdale and Eldred.

Plants helping to turn white oak trees into barrels are at Waynesburg, Graysville, Bradford, Kittanning and Evans City, while plants at York and Glen Rock produce furniture veneers.

Among the unusual are the plant in West Chester which still makes wooden wheel spokes, the York plant which makes wooden airplane propellers, the plant in Barto which makes birch oil for flavoring and the plant in Bedford which makes locust in

sulfated pins for utility lines, the largest such plant in the world. All of these plants make a major contribution to the economy of the state. It is estimated that 75,000 Pennsylvania forest industries workers earn an annual payroll of \$270,000 million dollars. The products they produce are worth in excess of \$1 billion.

NEW YORK (AP)—A final pre-

Easter sales spurt is cheering

most merchants across the land.

With the cost of living holding

fairly steady and with the total

of personal income topping the

record set two years ago, custom-

ers are in more of a spending

mood. Retail sales are well above

last year's.

Merchants report that sales

spurred by about 14 per cent last

week on a national average. In

this final week the volume ap-

parently is going even higher.

The early Easter concentrated

the shopping spree into the last

two weeks. Prior to that many

merchants were complaining that

poor weather was keeping cus-

tomers away and that many per-

sons just couldn't be made to

think about spring clothes.

A better break in the weather

in many regions, and the realiza-

tion that Easter is about upon us,

has turned the trick for the mer-

chants.

They now hope to top last year's

mark for the first quarter of the

year by perhaps 10 per cent.

The Department of Commerce

reports that in the first two

months of 1959 retail sales were

running 7 per cent above a year ago and early reports indicate a good March for merchants.

The Bureau of Labor Statistics reveals one reason for this. Its consumer price index was practically unchanged in January and February.

But the Commerce Department points up an even more potent reason. It says total purchasing power has climbed to a record high of 364 billion dollars at an annual rate.

It notes that on average Ameri-

cans save about 6 per cent of

their income and spend the rest.

The department also has good

news about the economy as a

whole, as well as the consumer

portion of it. The output of goods

and services is now at a record

high, nicely above the previous

peak set in the summer of 1957.

The total is currently estimated

at an annual rate of 464 billion

dollars. This compares with 453

billion dollars in the final three

months of 1958. Some economists

are predicting this gross national

product will reach an annual rate

of 475 billion dollars by the end

of June, and then after a dip during

the summer perhaps climb as

high as 480 billion dollars by the

end of the year.

VISUAL AIDS FOR POOR EYESIGHT

Many older persons are discouraged when they cannot find glasses to improve their vision. The answer is simple: Eye disturbances exist that spectacles will not correct. Circulatory changes or scars on the retina, for example cannot be remedied with glasses.</

Harold M. McNulty, Jr., son of Mr. and Mrs. Harold McNulty, 112 East street, now a sophomore at the University of Pittsburgh and majoring in business administration, has been chosen to play solo clarinet, first chair, with the Pitt Concert Band. He will also play lead coronet in a trumpet trio while the band is on tour.

"Mac" as he was known to his Warren High school classmates, graduated in 1957, and was a member of the High School Band and Orchestra as well as District Band. He also was class representative, a member of Student Council and participated in the school radio program.

The talented young musician, now vacationing at home, leaves Monday to join the Pitt group for several concerts to be held in Erie next week.

LOCAL INTEREST

IN PITTSBURGH NOTE

Word comes from Pittsburgh that Mrs. Helen Bellus was installed royal matron of the Melbourné Court, Order of the Amaraanth, in an impressive crowning ceremonial held Tuesday evening, March 17. Following the installation, the new matron and her court of officers posed for pictures made royally beautiful by their lovely white gowns with gold and silver flowers.

Mrs. Bellus is the daughter of Mr. and Mrs. Walter Schatzel, Parker street, Warren, and is an employee of the Bell Telephone Company in Pittsburgh. She was formerly employed as a supervisor in the Warren central office.

LENTEN COMMUNION
A Lenten Communion Service is planned this evening in Youngsville EUB church and all members and friends are welcome. The candlelight worship period will include a service of dedication for children and a service of baptism for young people and adults.

Gerie Alden Walker
College Show Judge

Announcement is received from the Pennsylvania State Teachers College concerning its second Pennsylvania Water Color Show in Bates Gallery April 5-24. Gene Alden Walker (Mrs. C. J. Cray of Warren), well known painter listed in Who's Who in American Art, will be judge for the show.

Any resident or former resident of Pennsylvania may send two paintings for a small fee, all entries to arrive in Edinboro on or before March 28. Additional information, it is stated, may be had from Ralph Bruce at the college.

Another reminder from the college is that the exhibition of mosaic sculpture in Bates Gallery will continue until April 3. All work in this show was done by students of Sister Mary Magdalene Mary at Immaculate Heart College in Los Angeles, and illustrates Bible stories. The 30 large pieces, reminiscent of mosaics in early churches, total more than two tons in weight.

Schoolman Is Speaker

DR. LANDIN

Dr. Everett Landin, supervising principal of Northern Area Joint Schools, will be guest speaker before the Warren County Council of Republican Women at a monthly meeting to be held Thursday, April 2 at 7:30 p.m. in the large court room of Warren county court house.

Dr. Landin has attracted considerable attention in the area since receiving his doctorate, having chosen for his required thesis a history of the Warren County schools. Arduous and thorough research resulted in a remarkable document of interest to everyone in the county. Much interest has been shown in a portion of the thesis devoted to "Curriculum Needs of Warren County" and in the general talk provided by Dr. Landin his audience finds considerable enlightenment.

All Republican women are welcome at the council meetings regardless of membership and it is urged that anyone desirous of hearing the speaker feel free to stop in.

Other important matters to come before members next week include additional plans for the

annual membership campaign to be conducted on a county-wide basis April 15-30 with Mrs. Gurney Ball as general chairman. A mock bake sale is also on the agenda for the evening, and plans will be advanced for an evening when all Republican candidates for county office at the May 19 primary election will be invited to be introduced.

evangelical church are invited to unite in the observance of the Lord's Supper.

Mrs. Florence Stevens will direct the choir in singing the anthems, "Lead Me to Calvary" by Kirkpatrick and "Darkness Came Over the Earth" by Haydn. Mrs. Carl E. Whipple will be at the organ. The pastor will bring two short meditations on the topics "The Meaning of Baptism" and "The Last Passover".

Refreshments were served by Mrs. Ed. Skinner and Mrs. Henry Hulley.

WARREN GRANGE MEETS

The regular Warren Grange meeting was highlighted by a St. Patrick's Day party and also featured Miss Kathryn Martin of the Warren High school faculty, who was exchange teacher to Turkey last year. Miss Martin showed pictures and explained experiences while teaching English there.

A cake walk was enjoyed, the cake being baked and decorated in St. Patrick's colors by Nellie Mills and won by Mr. Smith. Proceeds from the event will be donated to the Cystic Fibrosis Foundation to aid further research in the dread disease.

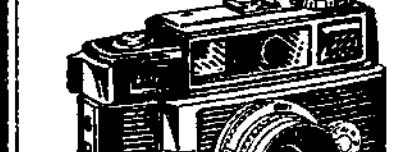

It was announced that April 6 will be a Visitation Meeting, Corydon and Akeley Granges to meet with Warren Grange. Warren members are to furnish cookies and sandwiches for evening refreshments.

Woman Is Investigated

UNIONTOWN, Pa. (AP) — Rudolph Prydeck, 47, of Smithton, R.D. 1, was free today pending an inquest into the death of his wife.

Prydeck was released from the Fayette County Jail Wednesday after being held for questioning. No charges were filed.

Dist. Atty. Joseph E. Kovach said Prydeck admitted slapping his wife March 7 after finding her in a tavern with another man. Mrs. Prydeck died of head injuries in a Pittsburgh hospital Monday.

Hen Takes Over as
Mother of Kittens

MESQUITE, Tex. (AP) — A hen has kicked out Blackie, the cat, and taken over raising Blackie's kittens.

Blackie had her five kittens in the henhouse. A white Leghorn promptly kicked her out.

The kittens have learned to answer the Leghorn's clucking.

Mrs. Alton Terry, owner of the confused group, told the Dallas News the hen is making a good home for the kittens.

When the kittens leave the nest for a minute, other hens peck at them. The Leghorn flies into the offending chickens in a fit or rage.

Blackie takes advantage of things like that to dash in and feed her youngsters.

Blackie shouldn't be surprised by such antics. She was one of the litter of five kittens the goofy Leghorn raised last year.

Finds Bargains
In "Surpluses"

YOUNGSTOWN, Ohio (AP) — Melvin Bill Hill, a 29-year-old veteran of the Korean War, must have learned a lot about government surpluses while in military service.

Anyhow, he has a good eye for the bargains sometimes offered by the government's General Services Administration.

Making numerous bids on offerings by the GSA, Hill has come up with such items as an eight-room house in the Aleutian Islands for \$1,000 and a five-acre tract in Wisconsin for \$600.

His latest triumph, he was informed Wednesday, is a 6.2 acre strip of railway right-of-way in northern Montana for only \$102.50.

"I figured it would be good for a housing development," he said.

Anybody want to rent a home in the Aleutians? It's available, says Hill.

The Jones Act in 1917 granted American citizenship to inhabitants of Puerto Rico.

Does Your Daughter Get
Helping Hand She Needs?

Are you helping your daughter to develop the attitudes that will make her a good wife and mother? As a mother that is your job. To see how well you are doing ask yourself these questions:

Have I trained my daughter to do household chores easily, quickly and well?

Have I taken enough pride in my job as homemaker so that my daughter considers it important, rather than thinking it is beneath any woman with brains?

Have I encouraged my daughter to express her own ideas, to develop her own taste, to make her own decisions, instead of assuring her that her mother knows best?

Have I helped my daughter to understand that a man's feelings are as easily hurt as a woman's, that his pride may be more easily hurt, that a man needs to be liked as well as loved?

Have I taught my daughter, by my own example, to be honest in her dealings with others?

Have I encouraged my daughter to think well of herself as a person?

Has my daughter learned from me the fun and joy of parenthood instead of just hearing about the worry, work and responsibility involved in bringing up children?

Have I encouraged my daughter to talk things over with her father, so that she has had the advantage of getting a man's as well as a woman's point of view?

Have I taught my daughter that a woman owes it to herself to make the most of the looks, talents, and brains that she was born with, and that laziness is the one thing that can keep her from it?

News of Hollywood

By BOB THOMAS

AP Movie-TV Writer

HOLLYWOOD (AP) — Do the love scenes in today's movies go too far? Ramon Novarro, one of the great screen lovers of the past thinks so.

"There is nothing left to the imagination," said the still-handsome Latin. "They show you everything—almost. I don't think that is right."

"It was different in the old days. Our pictures made suggestions, but we left it to imagination."

"Movies should be an escape for people. They should be able to lose themselves in the characters on the screen by using their imaginations. They miss that in today's movies. Everything is spelled out for them."

"I remember a love scene Garbo and I did in ' Mata Hari.' It was shot in the dark with only two cigarettes glowing. You didn't know whether we were in bed or

on a couch or what. Ah, that was movie-making!"

Novarro has come back to the movies after a nine-year absence from the screen. Oddly, he is returning to play a heavy—the ruler of a frontier town in "Heller With a Gun." Long a film hero, he got his first push toward stardom as the villain in "Prisoner of Zenda" in 1921.

Why is he back? "Because I was bored," he admitted. "I had been devoting myself to my real estate holdings in the San Fernando Valley and my 50-acre ranch near San Diego. I finally gave up trying to make the ranch pay, and I sold it. Now I want to do just enough acting to keep my mind busy."

Now 59, Novarro is one of the few stars who worked his way up through the extra ranks. He started in 1917, working in Cecil B. De Mille films on the old Paramount lot.

Two Enormous Rockets Are Described in Leading Paper

NEW YORK (AP) — Saturn and Nova, two enormous rockets reportedly in the U.S. space future, were described recently in a leading rocket journal.

Nova, the most powerful of the two, will weigh some 2,250 tons, reported Astronautics, journal of the American Rocket Society.

The five stages of Nova would burn up a total of 7,600,000 pounds of thrust, compared to only 370,000 for the intercontinental ballistic missile, Atlas.

Saturn, called Juno V by the U.S. Army, will use eight current engines clustered in a first stage

Trapped Victim Revives Stories Of Floyd Collins

NEW YORK (AP) — Memories of Floyd Collins were stirred today by the fate of Neil Moss, the 20-year-old Oxford University student who died after he was trapped in a cavern near Buxton, England.

Like Collins, whose fate 34 years ago inspired ballads and made him an American legend, Moss was a cave explorer. As they did Collins, rescue workers reached Moss, talked to him, even fed him.

But, like Collins, they couldn't free him.

Collins lay at the bottom of a 70-foot shaft, his foot trapped by a huge boulder in a cave he had discovered.

A rock slide blocked the passage. Engineers drilled parallel tunnels but time ran out. His body was recovered three months after he was trapped Jan. 30, 1925.

Many children and a few adults have fallen down wells, shafts and pipes in recent years. Not many came out alive.

The most recent case was that of little Benny Hooper Jr., who spent 24 hours trapped in a well in his backyard at Manoverille, N.Y. Benny, 7, fell into the pit May 16, 1957, and kept an anxious watch on edge until rescuers dug a tunnel to reach him. He suffered only slight injuries.

Little Kathy Fiscus, 3, of San Marino, Calif., wrung hearts in April, 1949, when she became caught in an old well casing. For two days and two nights rescuers labored to sink another shaft 100 feet to where she was trapped. They were too late.

The day Kathy was buried, 6-year-old Haskell Meadows of Tracy City, Tenn., fell through wooden slabs across another old well. He plunged 18 feet to his death in 12 feet of water.

Both of these mammoth space vehicles are reportedly part of a 2-billion-dollar rocket program forecast by T. Keith Glenna, director of the National Space and Aeronautics Administration.

to turn out 1,200,000 pounds of thrust, the April issue of the journal said.

The second stage of Saturn would use the large engine from the Titan intercontinental ballistic missile. It creates 300,000 pounds of thrust. Smaller engines make up the latter two stages.

Nova's first stage is a cluster of four engines turning out a total of 6 million pounds of thrust. A single engine makes up the second stage of 1½ million pounds of thrust. Smaller engines make up the later stages.

Both of these mammoth space vehicles are reportedly part of a 2-billion-dollar rocket program forecast by T. Keith Glenna, director of the National Space and Aeronautics Administration.

Garland Firemen and Auxiliary Make Plans

GARLAND — President Jim Black conducted the regular meeting of Garland Volunteer Firemen's Association, when routine reports were heard and monthly awards went to Charles Benedict and Mrs. F. J. Taber. Refreshments and games followed.

The Firemen's Auxiliary held its regular meeting at the home of Mrs. Herbert Rafalski Monday evening, with 13 members present. The president, Mrs. Fred Bugbee, led the Lord's prayer and asked for routine reports by the secretary and treasurer.

Announcement was made of the County Auxiliary meeting at Lander April 2. Committee members turned in proceeds from the lunch counter operated during the showing by Ernie's Miniature Circus and expressed their thanks to all who made the success of this event possible.

It was decided to have a membership drive for the organization, with Mrs. William Marino, Mrs. Rafalski and Mrs. Bugbee named as a committee. Further discussion concerned a kitchen shower to supplement equipment in the fire hall. Mrs. Arch Bristow, Mrs. Eugene Clancy and Mrs. James Graham named as this committee. Lunch committee for the April session will be Mrs. Raymond Clark and Mrs. Graham.

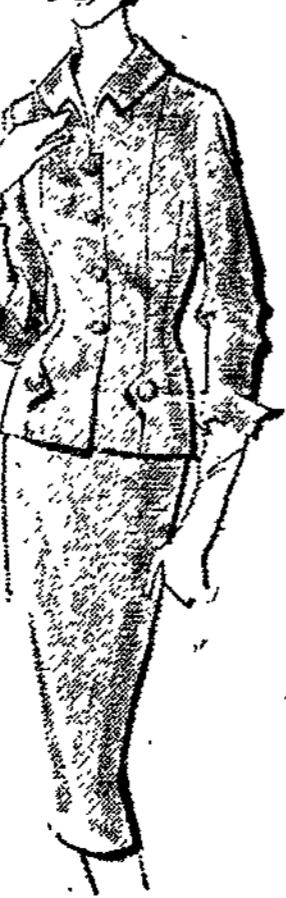

At the conclusion of the meeting, lunch was served by Mrs. James Black, Mrs. Mearl Howell and the hostess.

NEW YORK (AP) — New orders booked by mills and foundries producing copper and copper alloy products showed a sharp rise last month, according to copper industry sources.

Shipments from brass mills, wire mills and foundries also scored a substantial gain, topping both the previous month and February 1958 by a large margin.

SAN FRANCISCO (AP) — American Airlines expects 1959 to be a "pretty good year" despite a strike that ground the carrier during the first part of January, C. R. Smith, president, said.

Addressing the San Francisco Security Analysts Society, Smith said operating revenues this year should exceed 360 million dollars compared with 317 millions in 1958.

However, he added, the strike cost the company about 20 million dollars and "whatever money we make will be after the first quarter."

Annual White House Egg Roll Scheduled

WASHINGTON (AP) — The annual Easter egg roll on the White House lawn—an 81-year-old tradition—will be held next Monday.

The grounds will be open from 9 a. m. to 4 p. m. to children 12 years of age and under, as well as to adults who accompany them.

Grownups without youngsters will find the way barred.

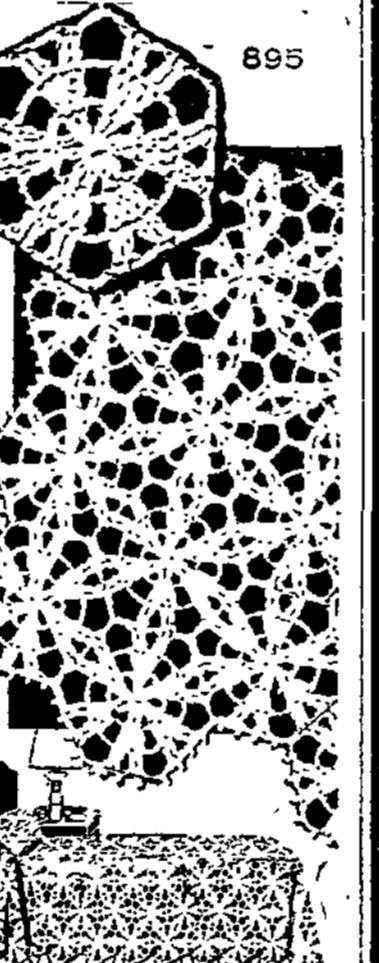

The annual egg rolling started in 1878 during the administration of President Rutherford B. Hayes. Successive presidents renewed the invitation until World War II caused the event to be suspended.

President and Mrs. Eisenhower revived the custom in 1953. There is no word yet as to whether they will be on hand to greet the youngsters this year. They may spend the Easter weekend at their, Gettysburg, Pa., farm.

For those planning to attend, the White House had this reminder:

"Participants will bring their own eggs."

YOUNGSVILLE—Youth Fellowship and the Commission on Education are sponsoring a sunrise service and breakfast Sunday in the Methodist church. The service will begin at 7:00 a. m., with Robert McCollough bringing a message on the topic "Not Meant For Death". Breakfast will be served at 7:45 a. m., and anyone wishing a reservation, and not called by the Commission, may call Logan 3-4101.

Key Clubbers served as ushers; Wyllis Johnson gave the welcome, and LeRoy Schneck was master of ceremonies. Kiwanis Club extends its thanks to all who helped make this an outstanding event.

Guests this week and for Easter at the home of Mr. and Mrs. H. H. Husted include Mariko Imae, student from Union Seminary in New York City, and head of the religious de-

partment at the Girls' School in Matsuyama, Japan, where Edith Husted is a teacher. Another guest is Ned Nakagawa, of Kobe, Japan, who is an exchange student in the high school at Chagrin Falls, O.

Guests on Sunday will be Betty Husted, Mr. and Mrs. Clarence Deeter, Wooster, O.; Mr. and Mrs. Ted Husted and family, Lakewood, N. Y.; Mr. and Mrs. A. H. Camp and Edith Camp, Chautauqua, N. Y.; Dr. and Mrs. Pilton, Chagrin Falls.

Mrs. Carolyn Grinnilds is a patient in Warren General Hospital, receiving treatment for a fractured hip and scheduled to have further surgery in the near future.

Mr. and Mrs. Ronald Mason

and son, of North Chili, N. Y.; visited Mrs. Lee Rogers, High street, on Sunday; also Robert Lynn, of Jamestown, who is recovering from recent surgery.

Mrs. Rogers and Mrs. Florence Cordiner were recent dinner guests of Mr. and Mrs. Russell Chamberlain.

Sunday visitors of Mr. and Mrs. Ernest Faust were Mr. and Mrs. Gerald Miller, Sugar Grove; Mr. and Mrs. Kenneth Faust and family, Jamestown.

Cemetery Aid will meet April 2 with Mrs. Ernest Faust.

Plans For Operation Alert April 17-18 Are Announced

The Office of Civil and Defense Mobilization announces solution of problems likely to be faced under attack conditions. Operation Alert 1959 will be held April 17 and 18. Termed the "public participation exercises", the first phase of the national test will consist of a statewide "take cover drill", together with associated, locally-planned and directed demonstration exercises. All state possessions and the District of Columbia are expected to participate in the alert.

The State Council of Civil Defense and all county and local civil defense organization in Pennsylvania will participate in the April exercise. The primary purposes of test activities are described as follows: to further test the over-all effectiveness of state, county and local attack warning system and devices; to provide the general public with further opportunity to become familiar with standard public action signals; to provide further opportunity for members of the general public to practice basic self-protection measures.

The program will also further test county and local plans for emergency operations and provide additional experience in the

The student won the opening

club in his own hand and lost

no time in taking the trump

finesse. East won and returned

the remaining trump.

The student played around but eventually had to go after the diamonds. He had two ways to guess the queen and happened to guess wrong so that East made the queen and set the hand.

"Would you have guessed the diamond queen, Professor?" asked the student.

"No!" replied the Professor. "I would have made the hand without any finesse at all."

The professor was right as always. The student should have played the ace of spades at trick two and continued by cashing the king of clubs and the three high hearts.

Then he would lead another trump and sit back. It would not matter who held the king of trumps or queen of diamonds or what was played next.

A diamond lead would solve all diamond problems. Any other lead would allow a ruff in one hand and a diamond discard in the other.

Viewing Harrisburg

By LEONARD A. UNGER
HARRISBURG (AP)—"Now the show is on the other foot."

The words, dripping with sarcasm, flowed from the lips of Rep. Albert W. Johnson, Republican floor leader during the recent midnight house debate on the sales tax. He sat down, wreathed his face in a smile, and watched the Democratic discomfiture.

The bill fell to the surprise of no one because of a bloc of 17 rebellious Democrats and unanimous Republican opposition.

It was sweet revenge for Johnson and his GOP colleagues. They recalled the solid Democratic opposition to the Republican-sponsored 1 per cent sales tax that became law during the administration of former Gov. John S. Fine.

The situation was the same in 1953. Only the roles of the two parties were switched.

Republicans then had a few votes to spare beyond the 105-vote majority needed to pass a tax. But there were too many rebels. The bill came up in May, 1953 and wound up back in the House Ways and Means Committee. Not enough votes.

The following month brought another showdown. It was defeated 94-102. There wasn't a single Democratic yes vote.

In July, the 1 per cent sales came up again and it was passed 108-96. Republican brought in the late Rep. Ivan C. Watkins (R-Schuylkill) on a hospital stretcher to provide the 106th—and winning—vote.

Johnson, then as now the Republican floor leader, confides he made a mental note at the time

Radar Signal Is Beamed 28 Million Miles to Venus

WESTFORD, Mass. (AP)—An 84-foot dish antenna here has beamed a radar signal 28 million miles to the planet Venus and caught its echo five minutes later.

Scientists at the Lincoln Laboratory project operated by MIT for the Air Force called the feat a notable step in space exploration.

The 56-million-mile round trip transmission, in February 1958, consumed 10 cents worth of electricity for a 300-kilowatt signal but analyzing the data that came back took nearly half a billion calculations on an electronic brain at Massachusetts Institute of Technology. It cost thousands of dollars and months of time.

Scientists at the Lincoln Laboratory project operated by MIT for the Air Force called the feat a notable step in space exploration.

They said it permitted the first measurement with great accuracy of inter-planetary distances—an essential to future navigation in space.

The signal—bouncing off Venus, man's nearest neighbor beyond the moon, was disclosed Thursday night with a telegram from President Eisenhower offering congratulations upon a "notable achievement in our peaceful ventures into outer space."

Radar signals were bounced off

the moon 13 years ago. The moon is less than a quarter million miles from the earth.

DISCONTINUE TRAINS

The New York Central Railroad announced Tuesday that it would seek to discontinue two passenger trains operating daily between Buffalo-Erie-Cleveland in an effort to reduce further the multi-million-dollar passenger deficit. Effective April 26, with the issuance of the Railroad's Spring timetable, train 289 operating from Buffalo to Cleveland and train 50 operating from Cleveland to Buffalo will be discontinued, a Central spokesman said. Notice of the discontinuance will be filed this week with the Public Utility Commission of Ohio.

Kinzua Post and Auxiliary Observe 40th American Legion Anniversary

Brant-Bentley Post 747 of the American Legion at Kinzua, with its Auxiliary, enjoyed a party March 21 in observance of the 40th birthday of the American Legion. Past Commander James Snyder proved an able toastmaster, opening the program with the invocation by Mrs. Clyde English, followed by group singing of the national anthem and a welcome by Post Commander Victor Morton and the Auxiliary president, Mrs. Snyder.

Committee members, Mr. and Mrs. Snyder, Mr. and Mrs. Marshall Stanton, and Mrs. Peggy Carpenter, were introduced and Mrs. Stanton thanked each member for helping to make the evening a success. Wives of guests were introduced. Each had been presented a 'poppy corsage to lend emphasis to the central theme of the function.

The following distinguished guests were then presented: John Antonini of Ridway, national alternate executive committee; James McMurray of St. Marys, 28th District commander; Miss Emma Christian, western director; Marshall D. Stanton, commander Warren-Forest County Committee; Robert Hunzinger, Warren-Forest county adjutant; F. Walter Ahlquist, Chief Comptroller Post commander of Warren; and Richard Mack, commander of Sugar Grove Post 758.

In his impressive remarks, Mrs. Antonini emphasized the veterans' rehabilitation program and reported on the conference he had just attended in Washington. He urged Legionnaires

to believe 100% in the American Legion program and to increase their membership as a means of additional help for the veterans. Mr. Antonini spoke, also, of his attendance at the state finals of the Legion's Oratorical Contest, held at Penn State. Winner in this state was Marlene Brzinski, sponsored by the DuBois Post.

Bringing greetings from St. Marys Post 107 and from Western Vice President Regis Cusick, Mr. McMurray requested a moment of silence in tribute to the late Alden Stearns of Sugar Grove, who was to have been among the guests. He then presented to Commander Mack a 49-star flag to be displayed in the Sugar Grove Post Home in honor of Mr. Stearns.

After announcing Sheffield Post 503 was one of four in the district over the top in membership, he urged each member to contact his legislators on vetoing the proposed recommendation to close Scotland School and the Soldiers' and Sailors' Home in Erie.

Miss Christian added her greetings from the 2,188 Auxiliary members of Elk Forest, McKean, Warren and Cameron counties, comprising the Inter-County Council, which holds 92.88 membership in the state.

Returning only a few hours earlier from an executive board meeting at Harrisburg, where she learned that, as of March 15, more than \$26,000 had been reported by auxiliaries for rehabilitation, she also reported

Adjutant Daniel Schaub had sent his thanks to the State

for the anniversary cake, made by Mrs. Angelo Dionto, was awarded to Jack Walter; and the evening was climaxed with musical entertainment by Gerald English and James Hazzard, guitarists, and Mrs. Clyde English, pianist; and with group singing.

The benediction was then offered by Mrs. Gerald English, chaplain of Kinzua Auxiliary, and the group sang "God Bless America," Mr. McMurray leading and Mrs. Clyde English accompanying.

The program, conducted by The Pennsylvania State University, in co-operation with the Small Business Administration, Washington, D. C., and sponsored by the Erie Chamber of Commerce, will feature weekly talks by experts in the field of management. Group discussions will follow each session.

The purpose of the program is to assist top executives of small business establishments to gain a broader working knowledge of the latest developments and techniques in the field of executive management.

Mosso states that enrollments for the program are now open, and those wishing further information are asked to call Erie 8-3101.

Lecturers for the 9-week, 18-hour event will be Penn State professors representing all phases of business administration. They include Dean David H. McKinley, Dr. A. H. Reed, Dr. Eugene A. Myers, William E. Hurley, Dr. Leland L. Beik, Dr. J. F. Bradley, Dr. Delbert C. Miller and Franklin H. Cook.

Richard Eells of the General Electric Co., New York City, is also a scheduled speaker. Topics to be covered by these men include: Current Economic Outlook; Market Development; Labor Relations; The Executive and The Community; Financing Business Operations; The Area of Policy Formation; Federal, State, and Local Taxes; Good Business Planning; and Human Relations.

Auxiliary for \$10,000, given to the Legion at Christmas-time.

Miss Christian also urged sending of "protest letters" to legislators concerning Scotland School, and asked members to write their senators and representatives for support of House Bill 668, which asks that a National Cemetery be located at Valley Forge, Indiantown Gap or Gettysburg. Veterans are being buried at the rate of 21 per day, and Arlington National Cemetery will be filled by 1961, she reported.

Following the talks, the group stood in silent tribute to Comrade Stearns and member of the Kinzua Post, Harold Joy, and prayer was offered by the Warren-Forest chaplain, Mr. Ahlquist.

The benediction was then offered by Mrs. Gerald English, chaplain of Kinzua Auxiliary, and the group sang "God Bless America," Mr. McMurray leading and Mrs. Clyde English accompanying.

The anniversary cake, made by Mrs. Angelo Dionto, was awarded to Jack Walter; and the evening was climaxed with musical entertainment by Gerald English and James Hazzard, guitarists, and Mrs. Clyde English, pianist; and with group singing.

The following distinguished guests were then presented: John Antonini of Ridway, national alternate executive committee; James McMurray of St. Marys, 28th District commander; Miss Emma Christian, western director; Marshall D. Stanton, commander Warren-Forest County Committee; Robert Hunzinger, Warren-Forest county adjutant; F. Walter Ahlquist, Chief Comptroller Post commander of Warren; and Richard Mack, commander of Sugar Grove Post 758.

In his impressive remarks, Mrs. Antonini emphasized the veterans' rehabilitation program and reported on the conference he had just attended in Washington. He urged Legionnaires

to believe 100% in the American Legion program and to increase their membership as a means of additional help for the veterans. Mr. Antonini spoke, also, of his attendance at the state finals of the Legion's Oratorical Contest, held at Penn State. Winner in this state was Marlene Brzinski, sponsored by the DuBois Post.

Bringing greetings from St. Marys Post 107 and from Western Vice President Regis Cusick, Mr. McMurray requested a moment of silence in tribute to the late Alden Stearns of Sugar Grove, who was to have been among the guests. He then presented to Commander Mack a 49-star flag to be displayed in the Sugar Grove Post Home in honor of Mr. Stearns.

After announcing Sheffield Post 503 was one of four in the district over the top in membership, he urged each member to contact his legislators on vetoing the proposed recommendation to close Scotland School and the Soldiers' and Sailors' Home in Erie.

Miss Christian added her greetings from the 2,188 Auxiliary members of Elk Forest, McKean, Warren and Cameron counties, comprising the Inter-County Council, which holds 92.88 membership in the state.

Returning only a few hours earlier from an executive board meeting at Harrisburg, where she learned that, as of March 15, more than \$26,000 had been reported by auxiliaries for rehabilitation, she also reported

FLOOD REMINDER

In an opinion given Tuesday by City Solicitor John V. Peppell, Meadville City Council was told that it can not legally pay claims for damages incurred during blasting of ice gorges in French Creek in January and February. More than 100 claims for damages exceeding \$1,000 have been filed with the city engineer's office. Damages were incurred when an Army demolition team blasted loose two extensive ice jams on French Creek to alleviate another potential flood threat to Meadville and surrounding areas. Peppell told Council that a thorough study of the law pertaining to payment of claims for damages done by blasters fails to show any legal basis for the city to make such payments.

NEW NEWSPAPER

A five-column tabloid-type weekly newspaper to be named the Sharpsville Advertiser is scheduled to start publication in that Mercer County community next week. It will be the first newspaper there in 25 years. August Angel, owner of a printing plant, will be the paper's editor and publisher. He published weeklies in West Virginia before World War II.

PLANS RESTITUTION

Corry Journal: Arrangements for restitution for several worthless checks written by Charles Martin of Corry were being made today. Martin was returned here Monday from Warren County jail. Local authorities indicated that if restitution is made, no prosecution will be made locally and Martin will be turned over to New York authorities which have charges pending against him.

TO BUILD AT CORRY

Corry Journal: A contract to purchase the Fourth Ward lot owned by the Corry school district since 1945 was signed at 5:30 Tuesday evening by the firm of Moss and DeArment of Conneaut Lake. The contractors who will lease a supermarket to Loblaw, Inc., agreed to pay \$34,000 for the block-square property and move the chain-link fence to the old Washington School site. It was indicated that since a firm of specialists must be brought from Pittsburgh to move the fence, the new owner will pay more than \$1,000 for its removal and resetting. The buyer will also pay the state real estate sales tax of \$340. A decision on where the playground equipment will be moved and reinstalled is still to be made. M. S. Cobbett, local realtor who worked with the school board and the purchaser, said this morning that the sale must still be approved by the court and steps are being taken to have this done as soon as possible.

Adams County Lawmaker Is Waging Fight Against Gov. Lawrence's Tax Program

HARRISBURG (AP)—An Adams County lawmaker prepared today to carry his fight against Gov. Lawrence's sales tax proposals into a crucial Republican caucus next Tuesday.

Rep. Francis R. Worley (R-Adams) said he would ask his colleagues to line up solidly against a stalled House bill calling for an increase from 3 to 3½ per cent in the sales tax as the keystone of a \$24 million dollar revenue program.

Democrats have 107 votes—one more than necessary for passage—but with so many holdouts, it would be impossible to clear the plan without Republican support.

Meanwhile, Rep. Stephen McCann, Democratic floor leader, reported contacting "about four or five" of the 17 Democrats who aided in the measure's defeat last week.

Worley, lone Republican to vote against the sales tax when it originally passed the House in 1956, said Wednesday he had heard that some of the rebels will change their minds in the second roll call.

Varied Views On Unemployment Compensation

By STANLEY MEISLER

WASHINGTON (AP)—President Eisenhower has received these views on unemployment compensation from eight governors: The states want no federal standards but they could use federal money in an emergency.

The governors, representing the executive committee of the Governors Conference, issued a statement summarizing their views after meeting with the President Monday.

In essence, their statement agreed with Eisenhower's feelings. He, too, said the states should continue to set their own separate standards on unemployment compensation.

Secretary of Labor James P. Mitchell told newsmen the administration would ask Congress to make two important changes in the program.

One would extend coverage to about 3,200,000 more workers. At present, only employers of four or more workers must join the plan. Mitchell said the administration wants all employers in. It also wants some employees of nonprofit institutions covered.

The other would raise the base for payroll taxes. At present, employers pay on the first \$3,000 of a worker's wage. Mitchell said this should be raised to \$4,200. The present average tax is less than 2 per cent.

Mitchell said the President recommended that the states increase their benefits so the unemployed receive at least half the wages they were getting when they had jobs. At present benefits range from \$26 per week in South Carolina to \$45 per week in New York.

He said a second major proposal was that states pay benefits for at least 26 weeks. The range is from 16 weeks maximum in Florida, to 45 weeks in Pennsylvania.

SOCIAL SCIENCE

The next regular meeting of Social Science Section will be held at the Woman's Club at 8:00 p.m. April 4, when T. C. Atwell will present the paper, "Rocks and Minerals". Hosts will be Henry Powell, Paul E. Ristau, M. F. Saunders, LeRoy Schneek, William Schwartz, the Rev. Donald H. Spencer, James E. Springer and John H. Stewart.

FOUR MORE RELEASED

Flood of county license suspensions continue to come into the office, latest list contains four Warren County drivers.

For week beginning Feb. 23 the names announced today are: Robert D. Alsbaugh, RD 1, Clarendon, exceptions to right-of-way, 15 days; Phillip Cerri, 107 North South street, driving through stop sign, 15 days; Fenton E. Hazeltine, Jr., Pittsfield, speeding, 15 days; Thomas R. Heeter, Tiona, "601," 30 days. There were no revocations.

PLANT VACATION

The Emporium Receiving Tube plant of Sylvania Electric as well as all other receiving tube plants, will not operate the week of April 13 due to reduction in sales volume. Work will be resumed at the regular time Monday, April 20. In observance of Good Friday the plant will not operate on Friday, March 27.

SHOOTING ACCIDENT

Garold Williams, 18, of East Hickory, is reported in good condition at Titusville General Hospital after treatment for a gunshot wound received Monday afternoon. Tionesta State Police said young Williams was target shooting with a group of boys when a .22 caliber rifle in the hands of 15-year-old Dale Haivering of Woodbury, N. J., a visitor at the Williams home, discharged, with the bullet lodging near the base of the victim's spine.

PINBALLS GO

Corry fraternal and social clubs have started to remove multiple coin-operated machines from their premises. The move comes in the wake of this week's Pennsylvania Superior Court ruling that multiple coin pinball machines are illegal gambling devices. Some 15 machines, each subject to a \$75 city license fee, are reportedly involved in the move.

Firemen At Russell Hold March Session

RUSSELL — The regular meeting of Russell Volunteer Fire Department was held in the fire hall with 37 men present. President Elmer Roberts presided and two new members, Donald Merkle and Frank Russell, were voted into the organization.

It was reported Richard Enos is repairing the social room pool table and the group voted to permit Explorer Scouts to use the room one night monthly on trial. Chief John Stanton reported no fires during past month, described the new telephone exchange building in Warren, as well as school fire inspections. Nine calls were received by the ambulance committee during the month.

Refreshments were served by Len Weston, Bud Sherman and Bill Martin.

Mrs. Maynard Dexter was hostess to Friendship Club, with ten members present. Mrs. Scott Phillips was presented a birthday gift and refreshments included a birthday cake baked by Mrs. Dexter. The next meeting will be with Mrs. Richard Enos on Friday, April 10.

Mr. and Mrs. Ed Barrett left Saturday for Florida to spend a few weeks.

This One Didn't Get Away

While Warrenites are enjoying glorious shirt-sleeve weather here, with fair skies, and sunny days, the unfortunate visitors to Florida do not fare quite so well. Despite torrential rains and the heavens letting loose, however, this group of local men managed to get in a deep sea fishing trip between showers. They were rewarded with a prize catch, for Dr. Albert Eberly, second from left, in above picture, hooked the largest Wahoo of the season, a fish which gave the good doctor a real battle. The sailfish, six feet, nine inches long, was caught by Eddie Betts, right. Also in the photo are Dr. Cattanach of Kingston, Pa., extreme left, and Cliff Betts. Eddie, who has returned home, is having his denizen of the tropical deep, stuffed and mounted in Jamestown, and it will, no doubt, be a conversation piece for years to come.

Peterson Herd Repeats High Test Average

February's testing results in the Warren County Dairy Herd Improvement Association show that Lester Peterson again has the high herd with an average of 1296 lbs. milk and 50 lbs. fat, according to Blaine Schlosser, Assistant County Agent.

Following Peterson, are Virgil Williams, Akeley, 1230 lbs. milk, 44 lbs. fat; Mrs. John Anderson, Sugar Grove, 1261 lbs. milk, 43 lbs. fat; William Wiltzie, Akeley, 1108 lbs. milk, 39 lbs. fat; and Leigh Smith, Pittsfield, 1102 lbs. milk, 39 lbs. fat.

All five high herds are composed of registered and grade Holstein.

Lactations completed during this testing period show the following top ten individual records, all cows milked two times daily, 305 days—actual production:

No. 47, 15099-M 604-F, owned by Ed. Day, Youngsville.

No. 4117, 13302-M 603-F, owned by Warren State Hospital.

No. 42, 15974-M, 390-F, owned by Ed. Day, Youngsville.

Judge Cronin scolded them, lectured the parents and sent them home Wednesday. Little Dan and Danny had spent the night in Youth Guidance Center after their arrest Tuesday.

They admitted going to the Bank of America's Mission branch and presenting a note demanding \$100 under threat to "blow up the bank." The teller, Miss Filamene Miller, shooed them away and told the manager. He called police, who staked out the boys' homes and arrested them after their return from a movie.

Little Dan and Danny said they had only wanted to replenish their supply of a play money issued by a bank as a promotion.

Lightning Knocks Out Pittsburgh TV Station

PITTSBURGH (AP) — Pittsburgh television station WHTC (Channel 11) was operating under half power today after it was knocked completely off the air by lightning.

A bolt struck the station's towering antenna atop Fineview Hill overlooking the city's North Side during an electrical storm Wednesday night. The station went down about 1 hour and 45 minutes before normal sign on.

The station's engineering department said repairmen working all night restored the antenna to 50 per cent of efficiency.

Oddly, the storm, accompanied by heavy rain, caused relatively little damage elsewhere.

Ageless Archie Announces Plans: Durelle in July

Montreal (AP) — Ol' Archie Moore still wants to fight Sugar Ray Robinson but he's signed for a rematch of his exciting light heavyweight title bout with Yvon Durelle because "a bird in the hand is worth 20 in the bush."

"My ultimate aim is to fight Robinson," said Moore after his agreement to the Durelle rematch was announced by promoter Eddie Quinn. "The only thing is Robinson (the middleweight champion) did all the negotiating. I didn't do any and I didn't authorize anyone to negotiate for me. A bird in the hand is worth 20 in the bush."

Quinn, who promoted the thrilling first Moore-Durelle tussle last Dec. 10 in the Montreal Forum, said the rematch would be held July 15 in the Montreal Royals' baseball park, which seats about 28,000 for boxing. The bout will be televised nationally in the United States by ABC as part of its Wednesday night series.

"If Archie wins this one," his manager, Doc Kearns, said, "He may fight Robinson in September."

Phillies Are Pleased With Rookie's Work

CLEARWATER, Fla. (AP) — The Philadelphia Phillies are more than satisfied with the fielding prowess of their prize rookie, George (Sparky) Anderson. Now they're waiting confidently for him to start hitting.

At present the 25-year-old second baseman is batting .161 in the Grapefruit League and is a bit embarrassed.

"I don't like to talk about it," he said. "It sounds too much like an alibi. I never seem to hit in the spring, but the other players on the Phillies don't know that. They're waiting for me to contribute my share of hits, and maybe that's why I'm too anxious."

Manager Eddie Sawyer isn't a bit concerned about Anderson, who played with Montreal last year and was obtained from Los Angeles in a winter trade.

BAN AGAINST TITLE FIGHT STARTS ROW

By JOHN FARROW

Associated Press Sports Writer
BLACKPOOL, England (AP) — Britain's biggest boxing row in years flared today with a British heavyweight hurling defiance at officials who forbade him to fight America's world heavyweight king Floyd Patterson.

The country's boxing bosses—the British Board of Boxing Control—banned Brian London from meeting Patterson for the world title in Las Vegas, Nev., April 21. They claimed the bout would not be in the best interests of British boxing.

London promptly announced he would go ahead with the bout anyway.

"I've got a big pay day coming (\$75,000) and a chance to win the world title," the pugnacious, 24-year-old Briton said. "I'll risk suspension at home for that."

U.S. boxing bigwigs appeared ready to go along with London, although their statements were cautious.

Dr. Ward Wylie, president of the National Boxing Assn., said: "The NBA will recognize any logical contender."

The controversy stems from London's last fight, against Henry Cooper.

Cooper used a jabbing left to take away London's British title. London was made to look like a novice as he plodded smack into the nagging lefts of Cooper.

Experts argue Cooper should be the man tackling Patterson but Cooper lost his chance by asking for too much money—\$140,000.

Sports Bill May Be Pushed Into House

WASHINGTON (AP) — House backers of business law exemptions for baseball and other sports will try for a home run this year.

To avoid being left in a committee room, they will attempt to send their bill straight to the full House.

Rep. Francis E. Walter (D-Pa.) provided a clue to the strategy today.

"I don't think hearings are necessary," Walter said. "The bill that passed the House last session adequately and fairly and equitably deals with the whole matter."

Walter referred to a measure which proposed clearcut exemptions from the antitrust laws for contract reserve clauses, trades, territorial and broadcast rights and other practices of professional team sports. The House passed the bill, but it never emerged from the Senate Antitrust subcommittee.

This year Walter and four House colleagues have introduced a largely similar bill with some extra provisions to protect minor league baseball teams from the competition of televised major league games.

Brothers Whip Bluth, Weber's 487 Game

ST. LOUIS (AP) — Two brothers from Princeton, Ill., provided the one bright spot in the American Bowling Congress Tournament Wednesday when they rolled the best doubles game of the tourney.

Bill and Dick Halberg collaborated for a 489 middle game in their two-man competition, exceeding the 487 rolled on March 3 by Ray Bluth and Dick Weber of St. Louis.

Bill carried the load with 286, the best doubles game by an individual in the tourney. Dick had a 203 game in the big block. Despite their big singleton, the pair mustered only a 1206 total.

Show 'Em Who's Boss, Then Win: West Did, 80-68

By GORDON BEARD

COLLEGE PARK, Md. (AP) — "I don't want any deliberate foulings, but I want you to be tough under the backboards — especially on defense."

That was the pep talk given by Coach Hank Iba to his West players before they whipped the East 80-68 in a college all-star basketball game Wednesday night.

"In all-star games such as this," the veteran Oklahoma State coach said, "I've noticed that the first 10 minutes are extremely important. If you show the other fellow who's boss early in the game, you may shake him up enough to influence the decision."

The East squad under Coach Bud Millikan of Maryland boasted five of the nation's 16 leading rebounders — although both 10-player teams averaged about 6-foot-5.

But the West took charge early as Iba suggested, limiting the East to one or two shots on most sorties down the court.

The West zoomed into a 22-9 lead in the first seven minutes, paced by Tom Hawkins of Notre Dame, All-America Bob Boozer of Kansas State and Northwestern's Joe Ruklick.

U.S. boxing bigwigs appeared

ready to go along with London, although their statements were cautious.

Dr. Ward Wylie, president of the National Boxing Assn., said: "The NBA will recognize any logical contender."

The controversy stems from London's last fight, against Henry Cooper.

Poor Assistance May Injure Boro Hot Stove Ball

Poor turnout for Hot Stove League meetings has been reported by officers, with a word of caution issued to possible injury to the league's divisions.

Many wards do not have re-

presentatives at the sessions.

Committee reported today that wards without someone to head the activity, will not have Hot

Stove ball this summer.

"Hot Stove is open to all fathers of boys who intend to play ball, or any man who is interested in baseball," an executive explained. "A few men can not handle such a big job," he added.

A meeting was held in Municipal Building last evening. Six more baseball movies for interested fans at the Moose Club are slated for tonight at 7:00.

New York Winner Of Unprecedented Gloves Team Title

CHICAGO (AP) — New York won an unprecedented second straight intercity Golden Gloves team title over Chicago Wednesday night, but the individual spotlight was turned on the Windy City's Cassius Clay.

Clay, a 17-year-old high school student from Louisville, Ky., proved he was quite advanced for his age as a sharp counter puncher in taking a three-round decision over New York's lightweight Tony Madigan.

Madigan, at 29, is a rough, mauling type of fighter who hails from Sydney, Australia. He is the Aussie amateur champ as well as the British Empire's and had lost only 5 of 99 bouts before running into Clay.

Madigan, now lives in Rye, N. Y., pressed the fight all the way, but Clay's pointed combinations kept rocking him.

The Chicago Stadium crowd of 7,261 gave the battle a fine ovation. It was one of three televised nationally.

New York took the other two TV bouts in piling up a 10-6 triumph over Chicago. New York won last year 12-4. Chicago, however, still leads the rivalry 15-9 with 8 draws.

In other bouts New York's Angel Morales, 19, defeated Gil Yanez, Toledo high school graduate, in the 112-pound division, and he Easterner's Ossie Marcano, 21-year-old shipping clerk, flashed too much punching power for Don Sargent, Minneapolis truck driver, to win the welterweight crown.

New York won both the alternate and championship divisions in the show's closing heavyweight bouts to cinch the team title.

One point is awarded for each victory in the 16-fight program.

SPORTS**Experts Disagree on Trade Between Giants and Cards**

By JOE REICHLER

Associated Press Sports Writer
ST. PETERSBURG, Fla. (AP)—Who got the better of the St. Louis Cardinals—San Francisco Giants deal?

Only time will tell, of course, but most expert opinion in these parts today was that the trade made the Giants a definite threat for the National League pennant and materially weakened the Cards.

The deal was completed Wednesday. It was a straight-player transaction sending right-handed pitcher Sam (Toothpick) Jones to the Giants in exchange for first baseman-outfielder Bill White and third baseman Ray Jablonski.

"Jones could win 20 for a club with power like the Giants," Card Manager Solly Hemsu admitted. "But we had to get some punch into our lineup and this was our chance."

Giants' Manager Bill Rigney said in Phoenix that this was the most important deal of the club

since they acquired pitcher Johnny Antonelli in 1954.

"The addition of Jones makes our front-line pitching solid and our second line deeper," said Rigney. "He'll be a strater. This guy can strike someone out."

Jones was the leading pitcher on the Cards last year, compiling a 14-13 record. His 225 strikeouts led the league, and his earned run average of 2.88 was second only to Stu Miller of the Giants.

The Giants gave up White, a 241 hitter last year after returning from the Army, and Jablonski, who hit .230 in '58. White, who is 25, was in only 29 games last year.

Jablonski, not much of a fielder, in 33.

So in the final analysis, the Giants gave up two players who didn't figure much in their plans for a pitcher who could help them win the pennant. The Cards, for their part, took a long gamble perhaps a desperate one, to try to get some power in their lineup.

Training Camp News

Associated Press Sports Writer

The Chicago Cubs seem to have turned up a good pitcher in a raw-boned right-hander, Bob Anderson.

He went nine innings when he whipped San Francisco on a strong four-hitter last Friday and came back Wednesday with a fine seven-inning performance.

The 6-4, 200-pound Anderson permitted only two earned runs and six hits before giving way to fellow rookie Johnny Buzhardt, who nailed down the Cubs' 6-3 victory over the Cleveland Indians at Tucson.

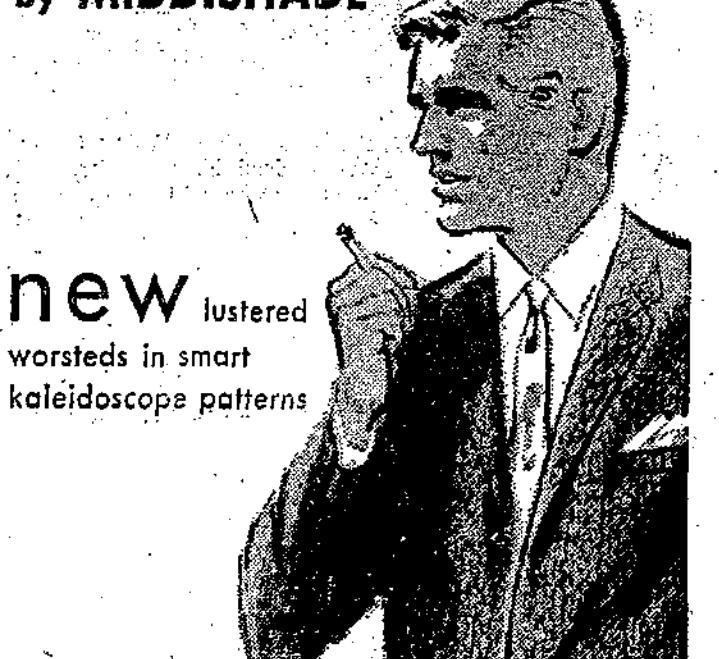

He has the big strikeout pitch. In 127 innings at Fort Worth in the Texas League last year he fanned 121. He worked 66 innings for the Cubs in his late trial and whiffed 51.

The Cub power helped him much Wednesday as Lee Wallis, Earl Averill and Bobby Thomson chipped in with home runs off Cleveland loser Dick Stigman. San Francisco celebrated the

acquisition of Sad (Sam) Jones from St. Louis with a 9-4 victory over Boston at Scottsdale, Ariz., and Cincinnati whipped St. Louis 4-1 at Tampa. Philadelphia edged Detroit 4-3 at Lakeland. Milwaukee bombed Los Angeles 8-4 at Vero Beach; the Chicago White Sox toppled Pittsburgh 4-2 at Fort Myers. Washington downed Baltimore 5-1 at Orlando, and Kansas City edged New York 3-2 at West Palm Beach.

The Giants, who gave up Bill White and Ray Jablonski to get Jones, clubbed Red Sox ace Tommy Brewer for 10 hits and 8 runs in 7 innings—handing Boston its fifth straight loss. Giants' ace Johnny Antonelli worked five innings, allowing only two hits.

Frank Robinson's fourth homer of the spring and a five-hitter by route-going Orlando Pena enabled the Reds to break a seven-game losing streak, and a three-run rally against Jim Bunning won for the Phils over Detroit.

Tour Pro Golfers Are Heading North Today

PALM BEACH, Fla. (AP)—The touring golf pros headed north today, some to Wilmington, N. C., for a tournament there and others to Augusta, Ga., to prepare for the Masters.

They closed out their Florida tour Wednesday in the 36-hole Seminole pro-amateur. Arnold Palmer of Ligonier, Pa., was the big winner at \$2,150.

Palmer had a 70 to go with his first-round 71 and split \$1,800 with Mike Souchak of Grossingers, N. Y., who had 72-69-141. But Souchak finished out of the money in the best-ball competition while Palmer picked up \$1,250.

Rochester defenseman Murray Balfour was injured when he struck his head on the ice in Buffalo Wednesday night. He suffered a concussion and a lacerated lip. Buffalo won the game, 3-2, to take a 1-0 lead.

In Cleveland, the Hershey Bears emerged from a long slump and defeated the Cleveland Barons, 6-2 in a game that was spiced by a lively brawl. Hershey leads that series, 1-0.

Forward With Fitness*** GRAYSON'S SCOREBOARD *****Klu Returns With Strong Back Needed by Pirates**

BY HARRY GRAYSON

NEA Sports Editor

FORT MYERS, Fla.—(NEA)—When he managed the Reds, Birdie Tebbets threatened to throw any misbehaving ballplayer to Ted Kluszewski.

Now Danny McRae of the Pirates hopes to throw the entire National League to Big Klu. For the moment, at least, the plodding onetime Indiana football player has the strong back the Pirates club needs.

Kluszewski reported lighter than he has been in two years, down to a trim 6-2 and 240 pounds, and is swinging his bat freely for the first time in that length of time.

So enthusiastically that the highly conservative Pie Traynor, for the first time in more than 20 years, picks the Buccaneers to win the National League pennant.

"I'VE ALWAYS PICKED THEM to finish last," said the Hall of Fame third baseman before hopping plane for Pittsburgh. "That left them only one way to go—up—and took pressure off the manager."

"But I like the Pirates big this trip, so am climbing way out on the limb. I like them because I am convinced Kluszewski is back with both feet. Alternating him with Dick Stuart gives the club a tremendous left and right punch at first base and in the dugout. Switching Bill Virdon and Roman Meissner gives Murtaugh a comparable deal in center field."

Traynor coached the Pirates throughout the first three weeks of training on the two Fort Myers fields and was deeply impressed.

THE BRIGHTEST NEWS from this furthest post on Florida's west coast is that Kluszewski didn't have a slipped disk in his spine after all. It is now believed that Big Klu's broad back was only strained and healed properly while he largely confined his activities to pinch-hitting in 1958.

When doctors could find nothing in particular wrong with Klu, he assumed him that the condition would not get any worse, a friend advised him not to be afraid to swing.

This he wasn't afraid to do shortly after arriving at Terry Park on the pretty bank of the Loxahatchie River and the result has been most gratifying.

IF KLUZEWSKI IS SOUND again and can get back to anything approaching his 40-49-47-35 home-run output for the Redlegs from 1

Girl Denies

(From Page One)

At the sheriff's office in Marysville, about 35 miles north of Sacramento, Beckwith said that he had merely taken Lois for an afternoon drive. He said he intended "to telephone her mother at daylight" that he had put diesel fuel into the gas tank and the car stalled. He and Lois just went to sleep on the front seat, officers quoted him.

Lois, who was wearing a pair of men's work pants several sizes too large, did not appear harmed.

Lois is a twin daughter of Mrs. Thomas Bryant of suburban Gardendale and J. D. Marbut of nearby Rio Linda. Deputies said Mrs. Bryant is divorced from Lois' father and separated from her present husband.

Beckwith had been living in his car on a Sacramento River levee near Mrs. Bryant's home for 10 days.

used as a preservative for meats.

Robert C. Stanfill, local director of the federal food agency, said his inspectors quickly traced the fish, in both instances filleted fluke and flounder, to a single wholesale distributor in Philadelphia.

The city health department meanwhile had issued a warning on a teletype service which reaches newspapers, radio and television stations in the area.

The first report said "all flounder purchased yesterday and today is poisonous" and should be destroyed.

Radio and television programs brought the news at the dinner hour to homes where the Lenten meal was being prepared or had already been eaten. Telephone calls poured into stations, papers and city agencies.

Empty

(From Page One) transferred to a sister ship, the Santa Clara, to continue their voyage to New York. Grace line officials said later that this would not be done unless for some reason it should become absolutely necessary.

The Santa Rose was expected to proceed to New York, arriving in the afternoon. The Valchem was reported disabled and awaiting tugs to take it in tow. The tanker is owned by the Valchem Line.

The Coast Guard said the Santa Rosa's bow sliced half way through the tanker in the engine room section near the stern when the vessels came together at 3 a.m. about 22 miles east of Atlantic City.

The cause of the crash was not immediately reported. The weather was described as clear with a slight haze at the time.

An extra supply of chemical fire extinguishers was being flown to the liner by helicopter.

The Coast Guard said the Santa Rosa's bow sliced halfway through the tanker into the engine room near the stern.

The two ships remained joined about 2½ hours before the captains decided it was safe to separate them.

The Santa Rosa was damaged above the water line.

Notes

(From Page One)

On two other issues the Western powers told the Soviet Union:

1. Communist Poland and Czechoslovakia, like some other unspecified countries, might be brought into the Big Four negotiations "on a certain stage" but the meeting should be initially held by the four powers responsible for Germany.

2. German advisers—from both West and Communist East Germany—should be invited to the May 11 meeting and should be consulted. The United States treated this as agreed since an earlier Western proposal to this effect had been favorable received by Moscow.

In a note March 2, the Soviet government had agreed to a foreign ministers session though making clear its preference for a summit meeting. The Soviets at that time said the foreign ministers should consider exactly two subjects: the future of Berlin and a German peace treaty.

Having laid down the terms, the United States note added: "The conference of heads of government could consider and, if possible, resolve some wider problems such as those referred to by the Soviet government's note of March 2 and in previous communications from the United States government, and where necessary establish machinery for further negotiation on these problems."

The Soviet note of March 2 called for the early conclusion of a German peace treaty, but on terms of breaking German ties with the West. It also proposed such European security measures as the "mutual withdrawal" of armed forces in central Europe and the creation of a zone free of atomic weapons.

Race

(From Page One) named Bernie Rubin, head of three Miami Laborers Union locals, as the man who had pioneered use of the racial scheme against any contractors engaged on housing projects in which FHA or VA mortgage financing would be a factor. Federal law forbids racial discrimination in housing constructed with government financial aid.

Board Clarifies Rejected Petition Misunderstanding

In order to clarify the position of Warren County Board of Elections relative to the local option petitions filed by residents of Cennewango and Elk Townships and Sugar Grove Borough, following statement has been compiled and released by the Board.

"Each petition was judged on its individual merits and found to be contrary to existing laws governing such petitions as interpreted by County Solicitor.

"Rejection of any or all petitions was not made to indicate the personal position of members of Warren County Board of Elections but was based entirely on the inadequacies of the petitions themselves.

"Warren County Board of Elections will not appear in Court on either side in the disputes, but will, of course, abide by decisions of the Court in the appeals now pending."

HISTORICAL SOCIETY

Dr. William M. Cashman was elected president of the Warren County Historical Society last evening with Harold Putnam named vice president; Beyer Africa, treasurer and Helen Israel, secretary. Some 100 members attended the meeting and heard Robert C. Newell, director of the Titusville Oil Centennial spoke regarding the event and showed an interesting film entitled "Titusville Returned" depicting two teen-agers visiting the famed Drake Oil wells. Donor Bailey, representing the Pennsylvania Oil Industry outlined the future of the industry and mentioned that it is believed that almost 50% of the oil is still in the ground, observing that more economic means are being sought to strike rich deposits.

Mother Who Killed Two Children Hospitalized

MORRISTOWN, N. J. (AP)—Eleven Church, who told authorities she killed two of her children because "we were all insane," is in Greystone Hospital today.

She was committed Wednesday after two psychiatrists examined her and said she was insane when her children were murdered Tuesday.

At the time of the murder she was suffering from schizophrenia, said Drs. Lawrence Collins and Joseph Zigarelli. "The condition had been in existence and growing in intensity for the past several months," the doctors said.

Her scientist husband who came home to find two of his children dead and his wife and other two children drugged with sleeping pills, was stunned.

Monday Last Day For Voter Registration

Til 9 this evening, 5 on Saturday and 9 on Monday. Those are the special hours being observed at registration office in Court House for convenience of last-minute registrants.

Figures from the office today revealed a total of 19,680 persons registered who will be eligible to cast their ballot in May primary.

It looks like this:

New registrations—R 12; D 6, P 4.

Party changes—D to R 40, R to D 41, NP to D 6, NP to R 13, P to R 5.

Total registration shows a better-than-half edge over Democrats by Republicans; R 12478, D 6174, P 288, S 1.

These figures were tallied after Wednesday's registrations.

FATAL COLLISION

PITTSBURGH (AP)—The head-on collision of two autos Wednesday night on Route 885 in suburban West Mifflin killed one driver and injured three other persons, including a 6-month-old girl.

Andrew J. Seres, 45, of nearby Bethel Park, was dead on arrival at Homestead Hospital.

PITTSBURGH (AP)—Roger J. Doherty, 52, of East Liberty, died of a heart attack Wednesday at the wheel of his moving auto in downtown Pittsburgh. The vehicle crashed into a truck, but caused only minor damage.

Leads To Culprits Still Uncovered; One Man Caught

Chief Deputy Sheriff Don Allen reported today that investigating officers are still without further leads into several area jobs, including three in Youngsville.

The safe robbery in Sheffield High School last weekend has disclosed no new leads for Allen, State Trooper Miller and Sheriff Police Chief Steve Holden in their investigation.

Three stores in Youngsville were entered last weekend, about \$18 taken.

The three were: Quality Cash, about \$17 missing; Lind's Service Station, nothing gone; Morley's Red and White store, \$1 taken. Entrance into the establishments were made by pushing in a rear window, breaking glass and breaking in back door, respectively.

George McClure, 20, of Sharpsville, plead guilty when he appeared before Justice of Peace Chet Wroblewski last evening to a charge of obtaining goods by fraudulent pretenses.

Last November McClure entered the Youngsville Western Auto store, presenting himself as a representative of the Corry Western Auto concern. Obtaining two tires and charging them to Corry, McClure disappeared. A lead last week led the police to the man.

He knew all about the operation of the Corry store, although he never worked there.

McClure was bound over to next term of court.

Final Service in Holy Week Series At Baptist Church

Concluding the series of community noon-day Holy Week services in First Baptist church today, the Rev. Kenneth O. Eaton, associate minister of First Congregational church in Columbus, O., chose the topic "Improper Fractions".

The Rev. John Z. Andree, pastor of First Church of the Nazarene, was presiding minister at today's worship period and Mrs. Carl E. Whipple, First Baptist organist, provided the special music.

Rev. Eaton built his message around the scripture "Wilt thou be made whole", the words of Jesus to the man who was crippled. Saying "the aim of Christianity is to help us have a whole life", the speaker referred to heresy in religion as an improper fraction.

He explained is making "false distinctions between the sacred and the secular". Sunday, to the exclusion of other days of the week, has been designated as "holy", the speaker continued, "we not only find God in church but in the planetarium and concert hall, as well. God must not be shut up in His House like an inferior gentleman.

"We make a distinction in our vocations as religious or secular. Looking at the human being as an exclusive physical or spiritual being is an improper fraction, and placing too much emphasis on the spiritual nature of man is heresy. Communism and individualism are, likewise, improper fractions, the sin of Communism being that it treats man only as a part; the sin of individualism, that it treats only part of the man."

These noon-day services have been sponsored by Warren County Ministerial Association, which has also arranged the Good Friday observance from 12:00 noon, until 3:00 p.m. in First Methodist church, Market street at Second avenue. Dr. A Culmer Schultz, who, as host pastor, will preside tomorrow, extends a welcome to all in the area to share in this beautiful service.

(From Page One) the Communist, Chinese Nationalist President Chiang Kai-shek from Taipei offered the Tibetans the right to choose independence if his forces regain control of the mainland.

There was no official confirmation of the reports of the Dalai Lama's flight or of the Tibetan Cabinet's renunciation of the treaty with Peking. Indian government spokesmen in New Delhi said they were "not in position to comment."

Gold Miner Has Narrow Escape in Tunnel Explosion

LOS ANGELES (AP) — A gold miner lay helpless in a Death Valley tunnel, hearing the fuses for 18 sticks of dynamite hiss a song of destruction.

Frank Rasmussen, 25, could only wait. His right leg was shattered from a premature blast and gushing blood.

As he waited for the remaining charges to blast him into eternity, he gasped a prayer and buried his head under his shirt.

Surviving are his wife, Immaculata, and two children, Rinaldo and Maria, in Ciro, Italy; three brothers and one sister, Louis Chimenti and Mrs. Michael Russo, Warren; Leo and Nick Chimenti, in Corry, Pa.; also several nieces and nephews. Another brother, Frank, preceded him in death in 1957.

Because of Holy Week, the Blessing and recital of the Rosary will take place at the funeral home at 10:00 a.m. Saturday, with interment following in St. Joseph's cemetery. The memorial requiem mass will be sung at 9:00 a.m. Tuesday.

With! With each blast two sticks of dynamite went off. Rocks and dirt flew. The noise was deafening; the concussion, terrific.

Rasmussen counted the explosions. One, two, three—ten in all, counting the first one which had slammed him against the opposite wall 10 feet away.

As the echoes died away, Boyer charged into the shaft.

All he could see of his comrade was a shoulder sticking out of the debris. Boyer grabbed it and pulled Rasmussen's head free.

Boyer tied a rope tightly around Rasmussen's leg, to stop the pouring blood. Then he packed the injured man up a ladder and drove him to the nearby village of Skidoo.

Rasmussen, from his hospital bed here, told the story Wednesday night. In traction with a leg broken in two places, he was waiting for X-rays to show how badly his back was injured.

Attending the rites from away were Mr. and Mrs. Robert Barbrite, of Waukegan, Ill.; Mr. and Mrs. Perry McFadden, Youngstown, O.; Miss Hattie Pecor, Portland, N. Y.; Mr. and Mrs. Morris Penhollow and family, Westfield, N. Y.

NETTIE SCHONTHALER

The Rev. A. C. Spencer, of First Free Methodist church, conducted funeral services at 1:30 p.m. Wednesday for Mrs. Nettie Lavina Schoenthaler, of 125 Onondaga avenue, who died Saturday. Serving as bearers were Edward Landin, Harry Campbell, Leon Lewis and Russell Swab.

In attendance from away were Mr. and Mrs. Kelley, Mt. Jewett; Mrs. Harry Wing, Youngsville; Mr. and Mrs. Nulph Irvine; Russell Swab; Mrs. Hiram Steele and Mrs. Carleton, Brookville.

Pine Grove Twp. Man Found Dead in Barn

Kenneth C. Way, well known farmer of Akeley RD 2, was found dead in the barn on his farm in Pine Grove township about noon today by his daughter Mrs. Helen VanOrd who investigated after he failed to appear at the house at the usual time.

The doctor who was called said it appeared that he had fallen from a ladder and sustained injuries the extent of which had not been determined at press time.

His wife, Fern, and two daughters, Mrs. VanOrd and Dorel, both at home, are among survivors. More extended obituary will be printed Friday.

The coroner's office is investigating.

Ruth Millett**Groundwork for the Sixties Starts Twenty Years Earlier**

Want to be happy at 60? Then you'd better start preparing for a happy old age in your forties. That's the advice of Dr. Smiley Blanton who has written a book addressed to the middle-aged called "Now or Never."

Doctor Blanton lists several good reasons why a person should begin in his forties to lay the foundation for a happy old age.

The first reason is that in the years between 40 and 50 a person is at an age where "change and personality expansion are still wholly possible."

By age 40, too, a person should be able to see himself clearly, knowing his own strengths and weaknesses and what he wants out of life. Knowing that his personal characteristics will become accentuated as he grows older, it is high time for him to develop his assets and weed out as many of his faults as possible.

"For many people," says Doctor Blanton, "quite literally this decade is the last chance. It is almost useless to point out to a person in his sixties changes that he should make in his state of mind or his way of life. It is too late."

So if you are in your forties you shouldn't just be coasting along, trying to feel a little younger than your years, shutting your eyes to old age which is just around the corner.

You should be figuring out what you want to do and accomplish in the years ahead. You should be making new friends and strengthening old friendships.

You should be learning new skills and developing new interests. You should be trying to overcome the faults that lead to unhappiness and frustration.

You should be living as full a life as possible, instead of limiting yourself to a dull routine.

McGarry photo, has accepted the post of County Vice Chairman serving the Warren County Unit, American Cancer Society, for its April Cancer Crusade.

Mr. DelChambre, a native of Rochester, was transferred here from Philadelphia, and now resides at 206 Willoughby St. with his wife and two children, and recently celebrated his 21st Anniversary with Bell Telephone.

Serving last year's crusade as borough residential chairman Mr. DelChambre will work together with Colonel Edward Ayres, County Crusade chairman, and Mr. Robert Young, borough residential chairman as the local unit kicks-off its annual cancer crusade April 1.

According to Mr. DelChambre plans are already under way to help make the 1959 Cancer Crusade one of the finest ever throughout Warren County.

RADIO and TV

By CHARLES MERCER
NEW YORK (AP)—If you pause to think about it, the most important news these days is that spring is here—or coming, in case you're still shoveling snow.

For 10 weeks now an energetic fellow named Barry Wood and a staff of thinkers and tinkerers have been rushing the season by planning a program which will come to the home screen next Monday.

"America Pauses for Springtime," an hour salute to the season featuring a large cast of performers in live, taped and filmed television, will be presented on CBS-TV.

"We're not doing a documentary on spring," says Wood, who pioneered a new concept in TV programming as the producer of the deceased "Wide, Wide World."

"We've often showed the outdoors on television, but never before as the stage for an all-star musical and comedy program. Now we're using nature itself as the backdrop for entertainment stars."

Here, specifically, is what he means:

Marge and Gower Champion

Dancing in San Francisco's Golden Gate Park.

Genevieve singing in a Louisiana bayou accompanied by Luc Poret's guitar.

The Air Force Academy Chorale singing in Colorado's Garden of the Gods while the West Point Choir reaches viewers from Soldiers' Monument above the Hudson.

Another accomplishment of the program is to show Herb Shriner, the Hoosier humorist, in Indiana for a change. The setting for Shriner is Coesee (Pop. 150), its main street and general store.

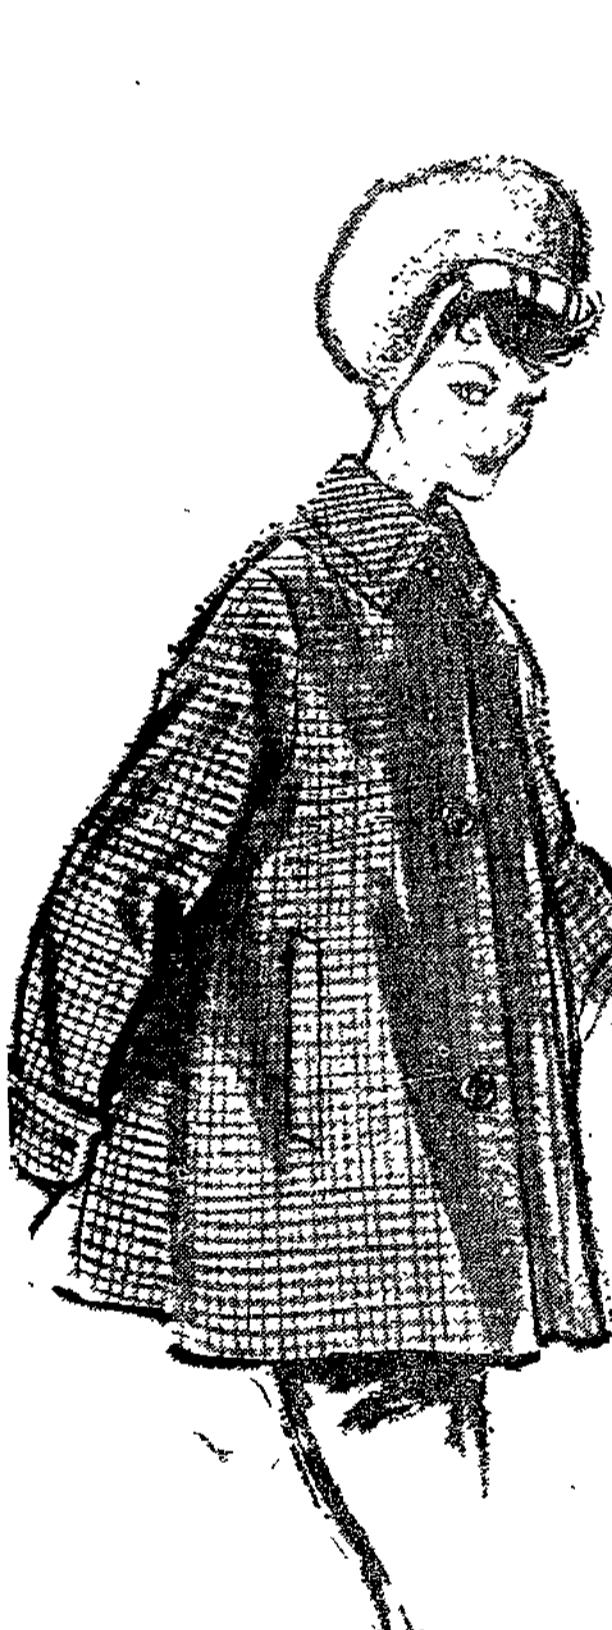

Among other revelations of the roving cameras are folk singer Jean Ritchie singing beside Lookout Glass Falls in North Carolina's Great Smokies, and Robert Merrill singing on a Staten Island ferryboat in New York Harbor.

"America Pauses for Springtime" is the first in a projected series of special programs using a similar technique.
